PowerDMS

More than just CALEA accreditation

PowerDMS simplifies CALEA accreditation by storing, updating, collating, and distributing your vital CALEA documents and training content.

PowerDMS is the only software trusted by CALEA to automate accreditation and eliminate the inefficient paperwork that can make the process a challenge. For example, CALEA Standard 12.2.2 requires:

Standard Requirement	How PowerDMS Helps	Benefits to Your Agency
A means in which to disseminate new or revised written directives	Stores, updates, disseminates, and tracks policies	Easily compare, side-by-side, changes made to different versions of a policy
Storage of and access of written directives by all impacted personnel	Gives employees 24/7 cloud-based access	Access critical content from anywhere with a laptop or mobile device
Proof personnel have acknowledged directives that impact their jobs	Provides dashboards that aid supervisors with staff oversight and ensure they acknowledge policies	Guard against litigation by generating reports of employee acknowledgement of important policies

PowerDMS®

More than just CALEA accreditation

In addition to helping you meet document-related standards, PowerDMS helps your agency meet multiple training requirements. Samples include:

Standard Requirement	How PowerDMS Helps	Benefits to Your Agency
Train staff on bias-based profiling (1.2.9)	Administers custom online courses and tracks employee performance	Reduces overtime costs and promotes employee engagement by delivering training remotely, on their schedule
Provide annual use-of force training and firearms qualifications (1.3.11)	Automatically reminds staff of when they are due to qualify	Reduces potential liability by tracking the serial number of the weapon an employee used to qualify evidence of compliance
Provide training as a disciplinary action (26.1.4)	Administers tests to employees, ensuring retention of training content	Generates reports as proof of compliance

Trust PowerDMS to help you manage all kinds of content, including:

- Written directives
- Reviews
- Analysis
- Inspections
- Forms (vehicle inspection forms, audit forms, reimbursement forms, etc.)

- Audits
- Recruitment plan
- Labor agreements
- Agency goals and objectives
- Checklists (operational readiness or investigative)

- Multi-year plan
- Contracts
- Meeting minutes
- Mutual aid agreements (MOUs)
